Product Description

Description

This Digital [Exercise](#) Wrist Watch will let you read your pulse rate and see how many calories you have burned. This innocuous looking Digital Watch is a great choice for exercise enthusiasts looking for exact readings, or people looking to loose weight and needing a little help to make sure they are not doing too much too fast. Added to the pulse rate and calorie reader, you will also be getting a time and date display, a stopwatch with split lap time, and even a option for entering personal information to best take readings.
